

LB 1151
General Affairs Committee
Online Comments of Chris Wagner
Project Extra Mile
February 9, 2026

Our state has a three-tier regulatory system that increases competition and choice, helps get products to the market, and ensures accurate tax collection. Allowing craft breweries to continue to grow in size without surrendering some of their ability to operate in all three tiers threatens a system that works well to protect consumers and taxpayers. Please oppose LB 1151.
